RMA#: _____ (required when returning an instrument)

Institution: _____

Department: _____

Phone: _____ Fax: _____

Serial No. _____

Notes: _____

The decontamination form and labels must be completed before the instrument is returned to BioFire Diagnostics. If the unit is returned without decontamination documentation, it will be shipped back to you at your expense. If the unit cannot be repaired, it will either be returned to you or disposed of upon your request. Thank you for your business and for supporting the health and well being of our employees.

Signature: _____ Date: _____

Declaration of Decontamination

This instrument has been decontaminated according to established BioFire Diagnostics, Inc. biological decontamination procedures.

Which method was used? _____

What chemical, infectious, toxic or radioactive substances have been in contact with this product? (Also indicate if flammable or corrosive.) _____

What BioFire Diagnostics assays have been run on this instrument within the last 6 months?

Authorization Notice

By accepting this authorization to return this product, the user assumes all responsibility for decontamination and cleaning. BioFire Diagnostics, Inc. reserves the right to refuse the delivery of products that do not appear to have been properly decontaminated. If the equipment was used with or around radioactive material, the signature of the safety officer is also required.

Signature: _____ Date: _____

DECONTAMINATION LABELS

Please complete these decontamination labels and affix one to the instrument and the other to the exterior of the shipping carton next to the shipping label. Failure to decontaminate before shipping to BioFire Diagnostics, Inc. will result in the immediate return of the instrument at your expense.

Cut out label and attach it to the product being returned.
