

VILINK®

REMOTE SUPPORT SOLUTIONS FOR BIOFIRE® FILMARRAY® SYSTEMS

PIONEERING DIAGNOSTICS

VILINK[®] now available for BIOFIRE[®] FILMARRAY[®] TORCH and BIOFIRE[®] FILMARRAY[®] 2.0 Systems*

VILINK software makes receiving technical support from BIOFIRE faster, easier, and more secure. VILINK provides remote monitoring and access of BIOFIRE TORCH and BIOFIRE 2.0 Systems as well as fast and easy data transfer for support purposes. These features can simplify and shorten support calls and reduce, or in some cases eliminate, the need for an on-site visit.

Remote Monitoring: Support Calls Made Easy

Remote Access: Real-time Troubleshooting

Easy Data Transfer for Improved Support

Security: Highly Secure, HIPAA Compliant

Additional Resources for IT

To request a copy of the VILINK cybersecurity whitepaper please email InsideSales@biofiredx.com

* VILINK is not available for the BIOFIRE[®] FILMARRAY[®] 1.5 which, as of April 2021, is no longer supported. VILINK is also not available for the BIOFIRE[®] FILMARRAY[®] 2.0 EZ Configuration System.
